Thank you for choosing Neffsville Veterinary Clinic for your furry family member’s lodging needs. This information is designed to introduce you to our established standards of care and to simplify your companion’s arrival and departure. On behalf of the doctors and staff, we want to welcome you.

General Information:

Our Pet Resort care providers closely observe our guests and immediately report any irregularities to our doctors and nurses. Lodging is meticulously maintained and monitored in a clean, temperature controlled environment. We offer our guests Hill’s Science Diet* Maintenance formula and plenty of fresh water. Please specify feeding instructions (quantity, wet/dry, and how often) on our Lodging Check-In Sheet. If your pet is accustomed to another food, we will gladly feed the food you provide at the time of check-in. If your pet requires medication, please bring it with you and we will administer it (additional charges apply). Any needed refills or additional medications will be provided by NVC and added to your invoice. Medication must be in its original container with label. Please do not package medication in your pet’s food.
